Sir,

With reference to Proceedings of
Government and order thereon No. 3805-6 Ess 2
of 5th September 1894, I have the honor to state
that in my opinion it would be desirable
to cease to examine bodies brought in
from the district at the dead house which
is situated in the Compound of the General
Hospital Mysore, and that ^{such} bodies should
not be brought there in future.

It would be desirable to Construct a
dead house in a secluded place somewhere
near the Mootcher Ghat for the purpose of
performing post mortem examination on
such bodies, which are usually advanced
in putrefaction and give off offensive
smell, but the present dead house in
the

the Compound of the hospital may be
where it is for the reception of bodies of
persons dying in the hospital pending their
removal for Cremation or burial.
